

Clarity

NEUTRAL ALL PURPOSE CLEANER

Clarity Neutral All Purpose Cleaner is an incredibly unique formula made especially for maintaining super high gloss floors. Clarity removes dirt and soil without harming the shine. It contains free-rinsing detergents which prevent it from leaving any dulling film or haze. Clarity is excellent for deep scrubbing and may be used on all washable surfaces. Clarity can actually restore the gloss of floors which have started to dull or degrade. In fact, it is ideal for use on many other surfaces where thorough cleaning without leaving a dulling film is desired. It is formulated at a neutral pH so it can effectively remove all soil without penetrating the finish or negatively affecting its gloss.
